Wake Up, America! The American Dream has become the American Nightmare! Remember when America was made-up of God-fearing, educated people who were happy, healthy, and not drowning in debt? (Neither do I) This book will wake you up to the reality that America is becoming a Third World nation. The middle class is disappearing, industry has gone overseas, education is a failure, religion and morality have been forgotten, immigration is out of control, and wars for profit have harmed a new generation. Some say the ruling class and financial elite have been engineering America's decline for decades. Will the elite impose a police state that could be merged into a one-world government? Concerned citizens who care about their freedom and way of life should take steps to restore America's greatness. The future depends on it.
