Control Theory J. R. Leigh

This fully revised and updated edition of *Control Theory: A Guided Tour* addresses recent developments in the field. It discusses how the rise of H_a and similar approaches has allowed a combination of practicality, rigour and user interaction to be brought to bear on complex control problems and has helped bridge the gap between control theory and practice. The book also examines the effects of the rise of artificial intelligence techniques and the increasing availability of comprehensive software packages. The book concentrates on the structure, principles and context of control theory, and will be of interests to students and professionals alike.

The Institution of Engineering and Technology is one of the world's leading professional societies for the engineering and technology community. The IET publishes more than 100 new titles every year; a rich mix of books, journals and magazines with a back catalogue of more than 350 books in 18 different subject areas including:

- Power & Energy
- Renewable Energy
- Radar, Sonar & Navigation

From reader reviews:

Della Bailey:

Do you have favorite book? If you have, what is your favorite's book? Book is very important thing for us to understand everything in the world. Each e-book has different aim or maybe goal; it means that reserve has different type. Some people really feel enjoy to spend their time and energy to read a book. These are reading whatever they have because their hobby is reading a book. Why not the person who don't like reading a book? Sometime, particular person feel need book after they found difficult problem or even exercise. Well, probably you should have this Control Theory.

John Whetstone:

In other case, little people like to read book Control Theory. You can choose the best book if you appreciate reading a book. Provided that we know about how is important a book Control Theory. You can add expertise and of course you can around the world by way of a book. Absolutely right, because from book you can know everything! From your country until eventually foreign or abroad you can be known. About simple point until wonderful thing it is possible to know that. In this era, we can open a book or perhaps searching by internet system. It is called e-book. You can use it when you feel bored stiff to go to the library. Let's examine.

Paul Tirrell:

Information is provisions for those to get better life, information presently can get by anyone in everywhere. The information can be a information or any news even an issue. What people must be consider while those information which is from the former life are challenging to be find than now could be taking seriously which one would work to believe or which one the particular resource are convinced. If you find the unstable resource then you buy it as your main information there will be huge disadvantage for you. All of those possibilities will not happen within you if you take Control Theory as the daily resource information.

Betty Peoples:

As a scholar exactly feel bored to reading. If their teacher inquired them to go to the library or to make summary for some reserve, they are complained. Just very little students that has reading's spirit or real their hobby. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading very seriously. Any students feel that examining is not important, boring and also can't see colorful images on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this Control Theory can make you sense more interested to read.
