Win the Game (Corporate Information Systems Book 2) Lucy Monroe
It's another high-stakes game of love, attraction, and desire, but the players have a past and the stakes couldn't be higher. It's not just their hearts on the line, but secrets and the family neither ever thought to have with the other. Marcus Danvers is a man with a plan and that plan is to win, whatever it takes.

SURPRISE, SURPRISE

The last woman security business consultant Marcus Danvers expects to find at Kline Electronics is Veronica Richards. He's supposed to be rooting out a corporate spy, not rehashing an old love affair—with the woman who sold out the company they both used to work for and then took off without so much as a kiss goodbye. All the clues point to Ronnie as the firm's newest mole, which means he'll have to spend time with the stubbornly reticent—and mouthwateringly sexy—woman he hasn't been able to forget, and uncover every last thing she has to hide…

FANCY SEEING YOU HERE

It's just Ronnie's luck. The one man she'd hoped never to see again is suddenly everywhere she looks—and taking up a starring role in her daydreams, too. Remembering the passion she and Marcus once shared certainly isn't going to help, though, not when she has so many secrets, and no explanation for the way she left him eighteen months ago—or at least not one he'll want to hear. The problem is, when Marcus is around all her good intentions go up in smoke…

Author's note: the book was originally published in print under the title Goodness Had Nothing to Do With It.
