DRUG TESTING EXPOSED LOOPHOLES AND TRADE SECRETS Imagine that you and your family are targeted, threatened and extorted by criminals. You turn to law enforcement only to be told that you are acceptable collateral damage in the bigger picture. What would you do? Join author Mike Bonventre as he embarks on a three decade odyssey that took him from a defiant victim to a deep undercover organized crime & narcotics consultant to a nationally recognized drug test consultant, collector, trainer and drug industry expert. Your journey begins in the dangerous world of organized crime, drugs and extortion. With this citizen crime fighter by your side, you will see more than \$100,000,000.00 (one hundred million dollars) in extortion and drug traffic sales. You will maneuver through the maze of Federal, State and County law enforcement agencies across the nation and feel the danger of a deep undercover operative. Leaving the undercover world, your journey continues as the author shows you how drugs influence businesses, families and communities. Hear from people who have lived with, dealt with and have even been destroyed by drugs. Do you recognize any of these people? Perhaps you work with them. Are they your neighbors – or even family members? Next, pull up a seat and be prepared to learn about the drug and alcohol testing industry. Why should you care? Have you flown on a plane, ridden on a bus or worked in a safety sensitive job? Then you know – first hand – how important a solid drug testing program is. It comes down to safety – your safety. Observe as the author takes you through the loopholes and trade secrets that undermine and threaten that very safety. BY the time you finish your journey you will know what action steps you can take to rid your workplace, communities and yes – even your family – of the plague that is drugs. If you are happy sitting on the couch and agreeing that there are no solutions – then this book is not for you. But if you believe that you can make a difference, that you don't have to be a victim and that what we believe as Americans is still true – then don't wait – start your journey now – you won't be sorry.
