A year ago, Moon Szuzman had a life-changing encounter with three cowboys out on the range of the Flying D ranch. It promised to become something forever, but when they returned to civilization, everything went crazy. A freak fire plunged the men into nonstop work yet caused Moon to lose her job. Needing employment, she took another in LA, leaving her family, the men and Daly far behind.

Now returning for vacation, she finds three determined cowboys ready to do anything to convince her stay. She agrees to a fling—and only a fling—unsure they'll want her once they learn her secrets. She soon finds herself roped by the team she left behind, and that team isn't willing to let her go without a fight.

Note: The original encounter between these four is contained in the short story, One for the Team, however Roped by the Team is a standalone book that can be enjoyed without reading the original work.
