John Cook Sandford

A "New York Times" bestseller! John Sandford and Michele Cook debut a high-octane thriller series about a ruthless corporation, unspeakable experiments, and a fight to expose the truth. Perfect for fans of James Dashner's "The Maze Runner." Shay Remby arrives in Hollywood with \$58 and a handmade knife, searching for her brother, Odin. Odin is a brilliant hacker but a bit of a loose cannon. He and a group of radical animal-rights activists hit a Singular Corp. research lab in Eugene, Oregon. The raid was a disaster, but Odin escaped with a set of highly encrypted flash drives and a post-surgical dog. When Shay gets a frantic 3 a.m. phone call from Odin talking about evidence of unspeakable experiments, and a ruthless corporation, and how he must hide she is concerned. When she gets a menacing visit from Singular's security team, she knows: her brother is a dead man walking. What Singular doesn't know yet is that 16-year-old Shay is every bit as ruthless as their security force, and she "will" burn Singular to the ground, if that's what it takes to save her brother. "From the Hardcover edition."
