The 30 Laws of Flow: Timeless Principles for Entrepreneurial Success Charlene Day

Introducing *The 30 Laws of Flow: Timeless Principles for Entrepreneurial Success*. This book is for everyone who wants to grow spiritually, mentally, and personally by discovering and incorporating time tested Universal Laws. From *Think and Grow Rich*, to *Conversations with God* series, hundreds, if not thousands of authors over the years have based their teaching on some or all of the Universal Laws. But until now there has been no definitive reference that defines and explains the laws in an easy to understand format. At last there is a concise, practical compendium of 30 Universal Laws, that so many teachers through the ages have spoken of, all in one book. It includes seven daily practices that allow you to experience the flavor of the law until it is second nature. These practices highlight the power of “thought energy” and how to best utilize that energy to create entrepreneurial results that “flow.” Here is what Bob Proctor, featured teacher in *The Secret*, says about the book: "I fell in love with the title of this book when I first heard it. The word “laws” and “flow” belong together. Let Charlene Day’s masterpiece help you create a beautiful flow from this point on in your life."
