## **Three Audio CD Set for Use with America's Musical Landscape** Jean Ferris

*America's Musical Landscape* is an entertaining survey of the growth and development of the arts in America that follows the chronological thread of American music as its guide. The author treats artists and their works as integrated events - as tiles in the mosaic of American culture. For readers unfamiliar with the technical elements of music, the text also offers an elegant and readable introduction to the fundamentals of music and is available with a three-CD set of recorded examples.
