As these events unfold, Wright and his team uncover the true intent of the terrorist, a well planned and precisely carried out robbery of the nearby U.S. Mint. The race begins to find out who is behind this assault on America with the intent to bring down the financial system of the free world.

Betrayal, self-interest and personal enrichment at the expense of others are at the heart of most thrillers. In this debut novel, it drives the action packed plot through a series of twists and turns. Just when you think you have it figured out it will take you a whole different direction.
