**Nueva gráfica de Tenochtitlán (Spanish Edition)** Marco Rountree

"Nueva gráfica de Tenochtitlán", de Marco Rountree Cruz, plantea una gramática subversiva y le da cuerpo a una sintaxis plástica, en cuya sencillez radica la complejidad. El primer título de la colección HILO de Publicaciones Mala letra nos lleva a la formulación de una estética que guarda semejanzas con el montaje escénico, dándole claridad y reunión a la secuencia de un collage interpretativo.

En los trazos de estas imágenes, para los que el artista utiliza recursos de la caricatura, trasladados al territorio de lo siniestro y en la forma de collages heterodoxos, Rountree Cruz explora y propone un punto de vista para percibir a algunos de los personajes más visibles en la vida pública mexicana de la actualidad. El recorrido visual del libro nos resume texturas y formas que redundan en la dramatización, con ello se obtiene una propuesta gráfica que resalta por la fusión enérgica, eficaz, de lo visual y lo escénico.
