This is a book summary on *Mastery* by Robert Greene.

Mastery synthesizes the years of research Robert Greene conducted while writing the international best sellers *The 48 Laws of Power*, *The 33 Strategies of War*, and *The Art of Seduction*, and demonstrates that the ultimate form of power is mastery itself. By analyzing the lives of such past masters as Charles Darwin, Benjamin Franklin, Albert Einstein, and Leonard da Vinci, as well as by interviewing nine contemporary masters, including tech guru Paul Graham and animal rights advocate Temple Grandin, Greene debunks our culture's many myths about genius and distills the wisdom of the ages to reveal the secret to greatness. With this seminal audiobook as a guide, listeners will learn how to unlock the passion within and become masters.
