TV Futures: Digital Television Policy in Australia

TV Futures: Digital Television Policy in Australia

TV Futures: Digital Television Policy in Australia brings together leading writers from both law and media studies to examine the implications of the shift to digital television for the platforms and audiences, copyright law and media regulation. The book combines writers with expertise in media law and copyright law with those skilled in media policy and social and cultural research. Through its scope and topicality, the book substantially develops the literature on digital television to serve readers from across the fields of law, the humanities and social sciences.
