TWA Flight 800 FIRST RESPONDER WITNESS ACCOUNT: The witness account of Barry R Donadio, who was on the scene of the TWA Flight 800 crash as a First Responder during the first moments of the crisis. Barry R Donadio

This is the only book on the market that was written by someone who was actually at the scene of the crash of TWA Flight 800 on July 17th 1996. Never before released witness account of the events that unfolded on the night of July 17th 1996. Barry R Donadio was a 25 year old Emergency Medical Technician that responded to the TWA Flight 800 Crash. The interesting twist is that Barry R Donadio was also employed as a Security Police Officer at the same military base that some people blame for shooting down the plane (The 106th Rescue Wing at Gabreski ANG Base, Westhampton Beach, NY). He later became an USAF Security Police Investigator at that same unit. This account offers a look inside the Coast Guard Station at East Moriches, where the victims of TWA Flt 800 were brought that evening. It offers some clues that may support your opinion as to what may have truly happened to the plane and why it may have crashed. Descriptions of the some of the victims fates are included in the account as well as other interesting anomalies that were observed on that evening. Not for persons under the age of 17 years old. The witness account has undergone United States Government censorship, but the author documents where in the account that censorships took place.
