There is no yellow brick road here. No emerald city. No lollipop guild. This is the Australis Penal Colony, a continent sized prison referred to the world over as the Outcast Zone.

Built to contain the world's most dangerous criminals, OZ ended up the dumping ground for everything polite society deemed undesirable.

From inside this place, a garbled message proves Dorothy's father is still alive, trapped in a prison with only one way in and no way out. Into this place, 17-year-old Dorothy must go if she wants to find her father and keep the promise she made to her dying mother.

She thought she had spent the past seven years preparing to overcome anything that got in the way of fulfilling her promise, but the situation she finds herself is harder and more intense than anything she has experienced before as she drops right into the middle of a power struggle for control over all of OZ. If she has any hope of surviving long enough to find her father, she will need her mother's guts, her father's brains and the unexpected help from those discarded and forgotten.

Everyone she meets tells her the same thing. The only person who can help her is the one prisoner who deserves to be in a place like this and refers to himself by the name, Wizard.

The Wizard always asks for something in exchange for his help. Can Dorothy afford the terrible price he will demand?
