Karl Marx's Theory of Revolution III Hal Draper

In this third volume of his definitive study of Karl Marx's political thought, Hal Draper examines how Marx, and Marxism, have dealt with the issue of dictatorship in relation to the revolutionary use of force and repression, particularly as this debate has centered on the use of the term "dictatorship of the proletariat." Writing with his usual wit and perception, Draper strips away the layers of misinterpretation and misinformation that have accumulated over the years to show what Marx and Engels themselves really meant by the term.
