The Mother Load Keeley Bates

This comedy tells the story of three women at different stages of marriage and motherhood. Former lawyer Sophie is the mother of two young children and a workaholic husband. Much to her chagrin, her pastimes now include fantasizing about Disney princes and the destruction of an evil queen, her tongue-clucking mother-in-law. Sophie's older sister Emma shares a home with their 70-year-old, pilates-loving father and is single mom to a 12-year-old boy with a deadbeat dad. Sophie's sister-in-law Bridget is a happily married pediatrician trying to conceive a child of her own through fertility treatment while remaining committed to her patients. Each woman struggles in her own way to balance her role as wife, mother, sister and daughter with her desire for personal fulfillment. 'The Mother Load' is a comical tale about the complexities of modern motherhood.
