1862... the South wins the Civil War... America splits into two separate nations... 1942... Hitler wins World War II... the world powers as we knew them, are no more... 2019....the Nazis are worse than ever and out to conquer what's left of the planet. In order to survive, the CSA and USA maintain uneasy alliances with two mega-powers; the National Federation of Socialist States (NFSS) and the Imperial Asian Empire, whose swastikas and rising suns cast ominous shadows upon American citizens. But all this changes the day Captain Jeb Stuart Lee, the great-great grandson of Robert E. Lee, sets out in search of a lost friend, only to discover the sinister reason behind his sudden disappearance is part of a master plan to rival Himmler's "Final Solution." Aided by both Yankee and Reb friends alike, Jeb unravels a lethal ball of yarn that leads back to Berlin, and exposes the Reichsfuhrer's merciless plan to do what Alexander the Great failed to do; conquer the civilized world. With the blessings of both Union and Confederate presidents, and the might and muscle of naval and military forces from both nations, Jeb and his assault team set out on a one-way mission to show the world what waits for them if the Nazis get their way. Unless the North and South can rise again - together this time - to save America - and the world - before it's too late.
