The Great Allegheny Passage (GAP) is a bicycle rail trail extending 150 miles between Pittsburgh, PA, and Cumberland, MD. Defunct railroad lines function as a restored corridor, connecting southwestern PA and northern MD. Visualize a crushed limestone trail that rambles through urban neighborhoods, fertile farmlands, and panoramic mountain ranges. The weight of your body propels you through a marvelous natural world that dovetails scenic waterways. Listen to rustling leaves through a cacophony of bird songs, or breathe in the sweet aroma of blossoming wildflowers and fruit trees. Marvel at ancient ruins from the region's rich coal and steel heritage. Pedal across iron giants—refurbished bridges and viaducts— or travel through the cold, ghostly, darkened train tunnels. All these experiences, and many more, await you on the Great Allegheny Passage. Whether you are a two-wheeled explorer or an armchair adventurer, it's time to decide. Are you ready for a truly amazing ride? Biking the GAP is a visual documentary of the trail, focusing on all unique and historical points of interest; the strength of this trail lies in the total sum of its parts rather than a handful of specific spectacles. The photography comprehensively represents the complex trail in all its character, charm, and personality.
