*Indian Hill 2: Reckoning* starts where the first book in the series left off. After escaping from the Progerian Alien vessel, Michael Talbot is now given the opportunity to hide in obscurity with the rest of the human race or rise to the occasion and once again find himself immersed in a battle that he wants nothing to do with.

Mike goes home and while reconnecting with a family that believed him dead he decides to join whatever resistance force can be mustered to repel the oncoming invasion. As the world of man gets thrust towards the abyss of extinction, two women in love with the same man make a desperate bid to travel across the country to reunite with him.

Mike will suffer the ultimate betrayal from those he loves the most. Will mankind fall and be ground to dust like so many other civilizations or will the tiny humans thwart a takeover? Only time, and shed blood will tell.
