A series of journals, penned by a genius, gathering dust in a Swiss library since the 1940s... Discovered recently by a visiting American professor, the notebooks outline a medical procedure that is nothing short of astonishing. But will it work? There's only one way to find out: clinical trials. Camden A. Retro... Forced by the clandestine government agency he works for to change his name and alter his appearance, Retro now resides in Amberjack Heights, a small laidback beach community on Florida's Gulf Coast. Fishing, swimming, golf, tennis. Seems like the ideal location for a former secret agent posing as a private investigator. Until people start disappearing.
