Travelers of the Gray Dawn (Time After Time) (Volume 1) Paul R Grimshaw

What if...? What if the South had won the American Civil War? What might the world look like in 2013 if, in 1863, the Confederated States of America won the Civil War? These issues are considered in the action-adventure time-travel thriller "Travelers of the Gray Dawn." This fast moving, movie-like story has been said to be as if "Cold Mountain" meets "Back to the Future" with a little "National Treasure" thrown in for the "fun factor." Join three modern day Civil War reenactors who begin their morning at the 150th Anniversary reenactment of The Battle of Gettysburg, and accidentally stumble through time and space finding themselves in a world that seems familiar in some ways, but is very different in others. This novel, from freelance journalist Paul Grimshaw, takes aim as part cautionary tale, part mystery, and part cops & robbers with a love story at its heart.
