After beholding the destruction of the Well-Built City, physiognomist Cley is now a simple healer seeking peace and atonement in the happy village of survivors. When the town falls into a deadly sleeping sickness, Cley must make a dangerous trip to the ruins of City—now beset by mechanical birds and werewolves—to seek out an antidote. The evil Master Below is still alive, but an accidental exposure to the sickness that he created has put him into a coma. With the help of Below's adopted demon son, found in the wreckage of the laboratory, Cley ventures into the mind and intricate memories of Below to search for a cure. Cley will encounter wonders and dangers undreamed of in the second installment of this classic trilogy.
