The Perfect Treehouse: From Site Selection to Design & Construction Django Kroner

Treehouses awaken the little kid inside all of us. The idea of having a fantasy house in the treetops appeals to pretty much everyone one. But building a treehouse the right way takes a lot of thought, planning, hard work and attention to detail. This book is here to help you dream big, but more importantly approach your treehouse design and build in a realistic way so that it's achievable. You'll discover the information you need to know for choosing a location and materials for your treehouse, the tools you'll need and the right way to use them, important considerations to maintain the health of the tree (or trees) you choose for your house, and much more. More than just an aspirational book, Fantastic Treehouses is a guide to the foundational knowledge you need to have to make your dream treehouse a reality.
