Acing the Bar Exam provides candidates with a complete guide to the bar exam ? from pre-planning considerations through bar review and sitting for the exam. It features comprehensive coverage of the Uniform Bar Exam, including an explanation of each component and how to prepare for it. Every aspect of the process is explained in detail and by example. The bar exam is de-constructed, section by section, where candidates are led through the steps they need to follow to succeed. Approaches for learning the black letter law, setting study schedules, and answering essay and multiple-choice questions are combined to maximize the likelihood of success. Each of these tasks is then configured into checklist format to help candidates navigate each step. This approach puts the candidate in control of the bar exam and not the other way around.
