THEY MIGHT AS WELL HAVE installed a conveyer belt. The house, once the kids came home, became one big production facility of feeding, burping, and changing. Jocelyn, although she had read and heard from more than one concerned, newfound environmentalist the statistics about how many disposable diapers stacked up would reach the moon, didn't much care. It seemed like those giant boxes of Huggies couldn't get through her door fast enough. It was about two sleepless weeks after the birth of her children. Ethan was in Egypt, and Jocelyn was managing the baby machine solo when she finally took note of the mess of mail stacked up on the kitchen counter. She gathered it all up and took it over to her desk to sort. Mostly junk mail mixed with some bills. She was surprised to find a UPS letter tucked in with all of the other mail. She recognized the sender's address immediately and tore it open, only to be completely baffled by what it contained. Hi Jocelyn, I hope this letter finds you doing well. Smart thinking getting off the phone. NSA would be all over it. Check this shit out. I found it on our server last week. That's not supposed to be there! I don't think Dr. Lambert is behind this. We all know she doesn't have the skills. Ha! Please let me know when you get this letter. Very Sincerely, Jerry Apario

Rachael L. McIntosh's second novel in the SECURITY THROUGH ABSURDITY series, was inspired by her real-life experiences working for a major US defense contractor, her dealings with national news outlets, and her involvement in a US presidential campaign.

NOTE: McIntosh's lawyers have advised her to stress that SECURITY THROUGH ABSURDITY is a series of novels - operative word NOVEL - so that she doesn't get thrown in jail.
