The olympic of the year 2008 at beijing (china) has proved lucky for india. India is still much behind in the sports arena than countries like china, usa and many european countries. Well it never means that this large nation has dearth of capable persons. The need is to utilise the sacred science of astrology, well in time, to discover the sports potential and then develop it in the right way. This book by the famous author reveals the astrological techniques which could be utilised to discover and develop the right persons to become efficient sports persons who could bring india much fame and name. The book defines significators for many sports items. And these are an essential tool for the right diagnosis of a birth chart.
