Lust in Space (Futa Space Book 1) J. A. Dolan

It was meant to be a historic moment - the first mission into space crewed by three female astronauts. The ship was experimental, and all eyes were on the three women who were to pilot it out to the edge of the solar system. But as the mission began, something went terribly wrong, and Alice, Carla and Tess find themselves hurtling into the unknown.

They soon find themselves in a distant galaxy, aboard an alien spacecraft - where things quickly take a raunchy turn. For the three female astronauts, it is the start of a journey across Futa Space, where all the alien women have a little something extra, and a very pleasing way of welcoming the humans into the intergalactic community.

For a quick glance at what lies ahead, take a peek at the look inside.
